

# Master Reference Subwoofer

# MRS

- The reference subwoofer for music and cinema
- Equipped with a specially tuned 2600 Watt Krell amplifier, the Master Reference Subwoofer produces a devastating 120 dB sound pressure level at 20 Hz
- Dual fifteen inch woofers with three-inch front-to-back excursions for hurricane-like air movement
- Fully programmable digitally controlled crossover with five memory settings for assigning slope, frequency, and filter parameters for seamless integration between the main loudspeakers and the subwoofer
- Advanced comparator circuit for input-synchronous driver control, eliminating the performance limitations of conventional negative feedback servo systems
- A one-inch solid aluminum chassis with an impeccable diamond cut finish, for ultimate rigidity and resonance-free sound reproduction

- Krell CAST for providing the most accurate signal transfer between analog components

#### Connections

Krell CAST, balanced, and single-ended connections for low pass, high pass, bypass, and LFE sections

#### Remote Control

One infrared, plus RS-232, and 12 Volt triggers for advanced system control flexibility

#### Dimensions / Weight

18.8w x 20h x 29d in. / 420 lb  
47.7w x 50.8h x 73.5d cm / 191 kg
