*Camping in nature, swimming, walking in a unique and idyllic location...*

### General information

Les Saules is a quiet, naturist camping site in an idyllic location in the valley of the river Combade, 45 kms southeast of Limoges. It is an oasis of peace in the green heart of France, the Limousin region.

An old farm surrounded by large trees forms the focal point with a bar and terrace. The site of 4 hectares is surveyable and safe for children.

There is wonderful swimming for both young and old: the site itself has a small lake (2000m<sup>2</sup>) with a sandy beach.

Les Saules is very natural with only a few paths, but with a lot of flowers and animals, like nurse-frogs, tritons, emerald lizards, hummingbird hawk moths and kingfishers. That's why parking is only allowed in a separate area.

Since 2003 we are member of the FEN (France Espaces Naturistes).

The camping site is own and run by Jan Jansen and Edy Junaedy from Holland, who spend their summers in France. They and their team will be extremely pleased to act as your hosts.

### Facilities and services

*Capacity:* the camping site has 30 large pitches with electricity for tents, campers and caravans. The maximum length of a camper is 6 m..

*Sanitary facilities:* in a beautifully restored sanitary building there are four toilets and a children's toilet, six showers (four with hot water), four wash stands for adults and one for children. three sinks, a washing machine and a laundry dryer. Hot water is free. In the toilets is toilet paper at your disposal. The emptying of chemical toilets is only permitted if you use a biological liquid. We take the utmost care of the sanitary building in order that it is always clean.

*Especially for children:* a shallow part of the lake is partitioned off, where they can play safely. There is a playroom full of toys and a playground with a climbing frame, a swing set, a sand pit, a seesaw, a slide and a trampoline.

*Activites:* we organise various activities, like a visit to the animals on the farm of our neighbours, a pancake party, tinkering, disco for children, open stage, music and film evenings, walks, and night walk at full moon. At least once a week there's a camp fire. There's also a room where we can make an open fire.

*Food and drinks:* every morning you can buy fresh bread on the camping site. very morning you can collect two ice packs, free of charge. Cold drinks and ice cream are available from the bar.

Twice a week we cook a common meal for our guests; one of those meals is Asian. Once a week there's a day's menu to take away or to consume on the enjoyable terrace. Every Sunday there are French fries and quiches.

*Sports:* there is a table tennis table, volleyball field, two jeu de boules fields and a climbing wall for children.

*Pets:* friendly and kind dogs are welcome after consultation.
