

# Come in from the cold - Marc Broussard

String Sw soft (U011=2-3)  
Harmoblues (B120=7-8b)

Come in from the cold,  
close the door from the hurt  
That makes you feel alone  
Time for you to share that coat  
you wrap around your life  
Lay here in my arms, let me hold you close,  
I want so

Come in from the rain,  
shake away all the tears you try to hide in vain  
Tell me every fear that keeps you from this love  
of mine  
Leave it all behind, lay by my side, I'll shelter you

I've been hurt just like you, I know how hard  
It is to give your love away but baby it's safe, I'm  
warm  
All I'm really asking of you is come in from the  
cold

Harmonic solo

Yeah, I've been hurt just like you, I know how  
hard  
It is to give your love away but baby it's safe, I'm  
warm  
All I'm really asking of you is come in from the  
cold

Throw off all the memories that can bring you  
down  
Loving is only the way to heal a heart that love  
has wronged  
So baby give up the fight, you know it's right  
Come in from the cold, baby you should know,  
I'd love for

You're my dying love, yeah yeah yeah  
Girl I'll make you fall, jump to you from the storm  
I wanna show to you and help you, please don't  
worry about me  
If I need you, and I found you and I want you, oh  
baby
